

Grassroots Community Radio: An Endangered Resource

A Public Forum Featuring *Alternative Radio's*

David Barsamian,

sponsored by *Save Grassroots Radio*

David Barsamian is the founder and director of Alternative Radio, an independent, award-winning, weekly radio program produced in Boulder, Colorado. AR presents information and perspectives that are ignored or distorted in the corporate-controlled media. The one-hour program is broadcast on more than 125 public radio stations around the world. Until recently, Alternative Radio was aired on KRFC fm. It was cut, along with other progressive programming,

during KRFC's latest schedule change.

David will address the corporatization of community radio, something that is happening locally and nationally.

When: Friday, November 2nd 7-9pm
Where: River Rock Co-Housing
Common House, 520 North Sherwood

Directions: Take Sherwood north past Sycamore. Past the tracks on the right is River Rock Co-Housing. The Common House is located on the east end, directly north of the second driveway. If you are driving, please park at Martinez Park or The Farm--parking is restricted to residents. You'll find the Common House by walking east through the commons.
